MEXICAN MONEY HELD A MENACE

Magistrate Smith Takes Possession of \$140 Found on Two Foreigners.

BEEN WORKING ON SECTION

Apparently on Way Home to Huerta's Country When Arrested for Disorderly Conduct.

Police Magistrate C. J. Smith showed himself to be on the side of peace this morning when he stacked up against \$140 in Mexican money. This wealth was brought in on the persons of brown-visaged Seaman Garcia and Manuel Fernando, who were charged with disorderly conduct, not refusal to salute the American flag. Their difficulty lay in the fact that they had too much money, for they were suspected of being on the way home to become belligerents.

From their testimony in police court it was difficult to ascertain whether they were trying to escape the dangers of their country or making for the scene of conflict. With two \$50 and two \$20 bills in their possession, however, Magistrate Smith decided they were hitting for their fatherland to embroil themselves in war. He promptly took their money and remanded them to a cell in the police station pending an identification of the paper at its true value as Mexican money.

Talk of War.
While Magistrate Smith was giving Huerta's subjects the "once over" they talked of the Mexican war. They said they came to this state recently from San Antonio and Corpus Christi, Texas. They have been employed near Rock Island as section hands.

Hosts Swedish Club.
Members of the Swedish club were entertained last evening by Professor and Mrs. Albert Anker, 3906 Seventh avenue. A short program was given, consisting of violin numbers by Professor Anker, vocal duets by Miss Lydia Olson and Dr. Magnuson, a reading by Mrs. E. A. Edlen. A two-course luncheon was served during the study hour. The June meeting of the club will be held at the home of Dr. and Mrs. L. G. Abrahamson.

Afternoon—Session of head camp. For visitors, not delegates. Trip to Scott high school and art museum.

Night—Moonlight ride on Lake Erie for delegates and their wives.

Wednesday, June 17.
Morning—Session of head camp.

Afternoon—Session of head camp. From 3 to 5, head counsel's grand review of Foresters at Bay View park.

Free to all.

Evening—Eight o'clock, exemplification of secret work by picket officers, assisted by the Foresters' team from Camp 1080 of Grand Rapids, Mich.

SELECT GUARDIAN FOR A BABY GIRL

Miss Mary F. Robertson, Nurse, Given Custody of Little Antionette Poma.

MOTHER IS PARALYZED

Belgian Girl, Shot by August Beernaert, Her Sweetheart, to be Operated on Thursday.

This morning in county court Judge B. S. Bell appointed Miss Mary F. Robertson, professional nurse, 905 Fifteenth street, guardian of little Antionette Poma, two-year-old daughter of Marguereta Poma, the Belgian girl who has been in a critical condition at St. Anthony's hospital since she was shot over two years ago by her sweetheart, August Beernaert. The baby was declared dependent.

Miss Robertson, who has taken unusual interest in the sad case, was also designated to collect the \$400 which is still due the girl from Beernaert. He was arrested on a charge of bastardy and ordered by Judge Bell to pay \$550 for the support of the child, at the rate of \$12.50 a month. A total of \$150 has been paid thus far.

Local physicians declare the Poma case to be one of the most remarkable that has come under their observation in years. In a quarrel with her lover, the young Belgian girl was shot through the abdomen, in such a way the bowels were punctured many times, the bullet lodging in the back, near the base of the spine. Muscles of the legs were completely paralyzed by the wound, and the girl lost all control of the lower part of her body. Within six months of the shooting and despite the pitiful condition in which the woman was left, she gave birth in the most natural manner on April 29, 1912, to a fine little girl, for whom Miss Robertson was today named as guardian.

Operation Thursday.
Beernaert was sent to the penitentiary for his crime, but was paroled after serving 11 months. Physicians have now determined to amputate Marguereta's legs, in an effort to improve her condition. The operation is to be performed Thursday at the hospital. The girl will never have the use of her limbs again. She has been forced for over two years to remain on her back, but through the operation it is hoped she can be enabled to use a wheel chair.

Recently the Belgian girl made a will in which she gave her child to Miss Robertson, being afraid that in the event of her death Beernaert might take the baby. In cases of this kind, however, the mother cannot dispose of the child without the court's order, and therefore dependency proceedings were instituted.

LOCAL ODD FELLOWS ATTEND CELEBRATION

A delegation of 20 local Odd Fellows left Davenport at 9 o'clock this morning on a special train to attend the celebration of the 95th anniversary of the founding of the order, being held at Iowa City today. The tri-city delegation was a large one. An interesting program is being presented today at the college city.

NEW PASSENGER RATES GO INTO EFFECT MAY 1

The passenger rate to Chicago on the Milwaukee road from this city will be increased the first of May from \$3.50 to \$3.62. This increase is due to the recent ruling of the interstate commerce commission forcing the railroads to charge actual mileage to the respective points. The change in rate will also go into effect on the Rock Island lines, the rate to Chicago being the same as that on the Milwaukee. As the passenger rate in Missouri has been reduced, a change of rate from Rock Island to Kansas City will be made. The former rate was \$7.20, and starting May 1, it will be \$6.55. The rates to many other points on the Rock Island lines have been either increased or reduced to conform to actual mileage.

HELEN BLAIR TO LEAVE ON AN EXCURSION TRIP

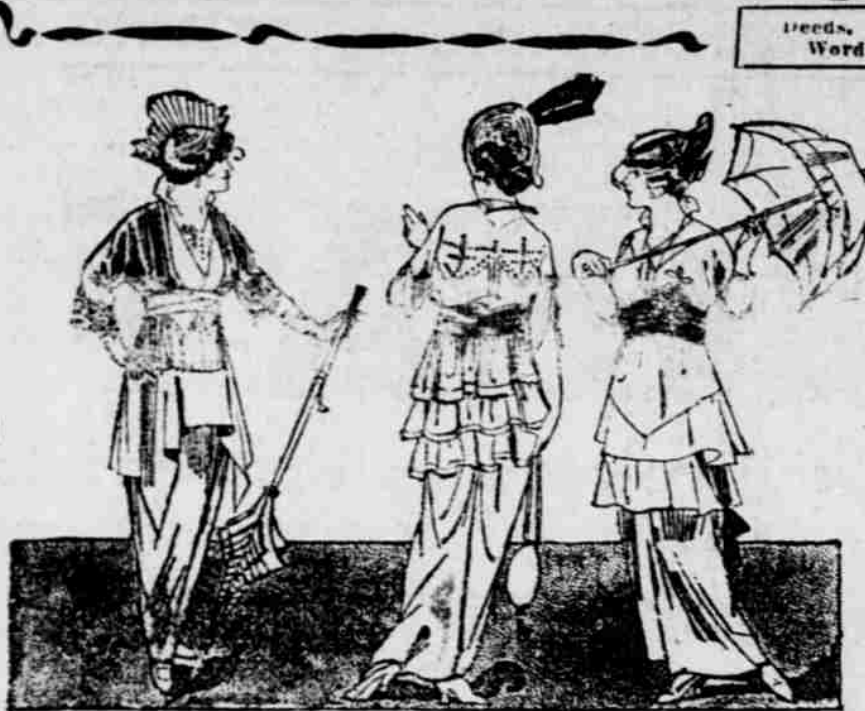

The steamer Helen Blair will leave Rock Island for the south Saturday evening at 9 o'clock on the first of the excursion trips of the White Collar line this season. The boat will stop in Keokuk three hours to allow the party to inspect the dam. The boat will arrive here on the return trip Monday morning at 6 o'clock in ample time for the passengers to get to work. The Helen Blair has 60 berths and only a few reservations are left.

Poultry Men to Meet.

A regular business meeting of the board of directors of the Mississippi Valley Fanciers' association will be held next Thursday evening, at the offices of Dr. O. M. Myers on Eighteenth street. Plans for the coming poultry show to be held in Davenport in November will be considered.

Poisons Children; Kills Self.

Johnston City, Ill., April 28.—Mrs. J. W. Clayton wife of a physician, was found dead in her room in Johnston City this morning. She had poisoned her three children, who are 2, 4 and 6 years old, respectively, and then had taken carbolic acid herself with fatal effect. Physicians are working over the children, to whom laudanum had been administered, but do not expect to save them. The cause for Mrs. Clayton's act is a mystery.

MORE FAVORING A WHITE BLOCK

Sixteen Hundred Merchants Hear Landlords are Changing Their Views.

MAY WIDEN COLOR SCHEME

Association Considers Dedication Plans and Turns Down Proposition for a Carnival.

Instead of changing the color of store fronts from white to red, green or terra cotta, landlords in the 1600 block are said to be more generally in favor of leaving the fronts as they are and painting the upper stories the same color. This was the gist of reports made last evening at a meeting of merchants of the block held at the Rock Island house. At the last meeting a movement was started to paint the fronts of buildings from sidewalk to roof and some favored changing the color scheme. An effort is to be made to have the buildings painted before the dedication of the block May 20.

Commissioner Jonas Bear reported that at the request of the W. C. T. U. he had arranged to paint the drinking fountain in Market square white.

Arrangements for the dedication were discussed. F. J. Mueller made a partial report for the publicity committee. A band will probably be secured for the day and amusement devices used to draw people to the block. Mayor H. M. Schriver will be asked to speak.

Reject Carnival Offer.

L. W. Lomard, part owner of the Leavenworth General Amusement company offered to put his carnival troupe of 500 people and 18 shows into Rock Island either the week of May 11-16 or the week following. The merchants discussed his offer but finally rejected it.

The company, said to be a million and a half corporation, offered 15 per

The New Perfection Range

With the "Fireless Cooker" Oven

It is the triumph of the NEW PERFECTION line, a splendid range with a cabinet top and an insulated THERMOS oven that keeps the heat of heat by radiation, a fault common to all other stoves.

This keeping the heat of the kitchen and in the core saves fuel. One burner does the work of two. You can have intense, quick heat, or slow and steady, as you want it.

After thorough heating the THERMOS oven holds heat six or seven hours, which makes it the most perfect and convenient fireless cooker ever invented. The cabinet top has a spacious warming shelf, there is space behind the burner for keeping food hot. And don't overlook the special NEW PERFECTION broiler, supplied with this range, which broils on both sides at once, increasing tenderness and flavor.

Keeps the kitchen cool. Best of all, this range, burning clean, convenient.
